

Wind

# Quick Stop

### Procedure:

- 1) Person falls in water!
  - Alert everyone on the boat, shout, yell, "**C.O.B.!!**"
  - **Litter** the water, with: COB pole, throwable PFD's, other things that float.
  - Designate a **Spotter**. Always keep eye on person, and point in direction of COB.
- 2) Continue on a Close reach course for 2-3 boat lengths
- 3) Tack
- 4) Maintain a 2-3 boat length circle around PIW.
- 5) Gybe and approach PIW.
- 6) As approaching PIW, slow boat, ease all sails, and rescue PIW. (refer to rescue section)
